User-friendly feature of every UltraComfort lift and recline chair:

Easy to use battery backup system. Each UltraComfort lift and recliner has a battery backup system in the electrical transformer which operates on two 9 volt batteries. In the event of a power failure, the battery system will raise the chair from the reclined to the seated position. The batteries should be replaced after one use.

* See Customize Chart for dimension limits
 Sizes may vary depending on fabric, filling material, upholstery and carpet thickness.
 All measurements taken on concrete floor using levels and metal rulers.

Literature is current at time of printing. UltraComfort reserves the right to make changes to the product or literature at any time.

Complies with UL 73 and CSA C22.2 No. 68
